

Lazy Cloud

Enchanted Treehouse Suite

If your idea of a romantic Lake Geneva WI B and B honeymoon includes a double whirlpool with fragrant bubbles and a cozy fireplace that can be viewed from any place in the room, you've just found it!

Our romantic B and B will make your honeymoon special with lots of candles scattered throughout the room and great amenities throughout your stay.

Check out our honeymoon a la carte for additional Lake Geneva romantic B and B

honeymoon ideas... gorgeous bouquets, silk rose petals that we'll strew upon the bed...even romantic CDs!

Birdhouses, watering cans and baskets decorate this romantic suite. Honeysuckle vine with wisteria flowers and miniature white lights meandering through it are on the ceiling above the bed and sitting area.

A dining area for two is by the windows that overlook the grounds.

The Enchanted Treehouse is our only two-story suite. Your shower is on the first floor, then you go up a private staircase to your room. (It is totally private – you can go to the shower in your pj's and no one knows!) There is a half bath on the second floor.

Cozy up on the love seat after enjoying the whirlpool for two.

The Enchanted Treehouse is the only suite that you can enter from the lodge or the private outside entrance. There are two big advantages to that. How convenient to be able to go directly to the lodge for breakfast without having to brave the elements! ...and if you want to watch TV or a DVD, all you have to do is go downstairs!

The Enchanted Treehouse was so named because the staircase winds around a large pine tree that leads to a private deck. Our honeymoon couples love the idea of a private place for stargazing!
