Begin your romantic getaway in our Vintage Lace Room with one of our many Lake Geneva WI vacation packages!

Stay seven days and receive one midweek night FREE! Many of our other popular specials include packages which include massages, picnic dinners brought to the room, desserts, chocolates, even breakfast in bed!

The queen size bed is across from the love seat. The bedspread looks like lace with roses laying on it. On either side of the bed is an armoire. One of them is actually a closet with drawers. The other one has a refrigerator and microwave in it. The room has Victorian touches scattered throughout.

As you relax in a bubble filled whirlpool for two, you will have a wonderful view of the fireplace. The whirlpool for two is graced with a lattice and rose canopy adorned with twinkle lights. As with most of our lighting, the main light above the whirlpool can be dimmed to enhance the romantic ambiance.

Our Vintage Lace Room offers all of the same amenities as our suites with the exception of spaciousness. Although it does not include a dining area, snack trays are available in the room. With its antique linen colored walls warmed by hunter green carpeting, our guests can relax on the dark green love seat that sits between the whirlpool and the fireplace.

Our Lake Geneva WI vacation packages are always enhanced by the romance of a cozy fireplace...and even our rooms include this amenity!

The gorgeous fireplace, as well as the double whirlpool, is adorned with hunter green tile accented with ceramic rose tiles.
